HPConsulting Services Limited

Integrated Management System

ENVIRONMENTAL POLICY

HPConsulting Services Ltd will at all times achieve the highest level of environmental control.

The company will also ensure that it adheres to the Environmental Management Systems, Process Controls, and Procedures and strive to improve them continually.

The Company is committed to applying Good Professional Practice throughout the organisation and to fulfilling a high standard of performance and the expectations of its customers.

All staff must familiarize themselves and regularly update themselves on the requirements of environmental management, and are required to take a positive attitude to minimising the company's impact on the environment.

The Company is totally committed to comply with **BS EN ISO 14001: 2015 Environmental Management Systems – Requirements** (and all associated legislation, codes of practice and compliance obligations), and will always ensure that its own systems comply with all the requirements of that standard. This policy provides the framework for setting and reviewing environmental objectives and targets.

The company is committed to continually improving the effectiveness of the environmental management systems, and to prevent pollution within the company working environment, and to the wider external environment.

This policy is available on request to all relevant interested parties.
